

## EV (ELECTRO-VOICE®) INTRODUCES NEW 6-INPUT MIXER/AMPLIFIER TO MA SERIES EV PROFESSIONAL MIXER/AMPLIFIERS

**ORLANDO, FLORIDA (June 3, 2003):** EV (Electro-Voice®) introduces the new MA-606 60-watt 6-input mixer/amplifier to the MA Series of EV Professional Mixer/Amplifiers at this year's INFOCOMM, Booth #534, 635. The MA-606 professional rack mount mixer amplifier is designed for a variety of small and medium sized installations where up to 6 sources are being used. The MA-606 features 2 phono plug type stereo summing inputs and 4 mic/line switchable balanced inputs. It also has a fixed or adjustable balanced line level output for adding auxiliary devices or additional power amplifiers. The telephone paging input with priority override adds versatility for paging applications. Its 60-watt power amplifier can drive either low impedance or 70v/100v speaker loads.

The addition of the MA-606 to the MA Series of EV professional mixer amplifiers expands EV's commitment to professional sound contractor needs in a wide variety of applications. Key markets and applications include warehouses, shopping malls, retail stores, houses of worship, office lobbies, hotel conference rooms, dentist/doctor waiting rooms, and any other installation that involves background music and paging.

Other members of the MA Series of professional mixer/amplifiers include:

- MA-1206, 60-watt professional 12 input mixer/amplifier. Telephone paging input ready and 2 stereo inputs. Compatible with 1400 series power amplifiers. 110/120 vac operation.
- MA-1206, 120-watt professional 12 input mixer/amplifier. Compatible with 1400 series power amplifiers. 110/120 vac operation.
