CG-1 Ceiling Grill Kit

General Product Description

The CG-1 grille kit contains a foam-backed 23.5-in. x 23.5-in. 16 gauge perforated steel grille finished in a semigloss white powder-coated enamel. The grille is used in replacement of a standard 24 in. X 24 in. grid drop ceiling tile when inconspicuously mounting a speaker above the ceiling is preferred. (such as the EP925 or EP950 style speaker)

Installation Instructions

After hanging the ceiling speaker and grid work for the drop ceiling, place the grille onto the grid track for the tile, just below the suspended speaker. The grille should not touch or interfere with the speaker in anyway.
